

! IMPORTANT: PLEASE COMPLETE THESE STEPS BEFORE YOUR SCHEDULED VAPURE TREATMENT.

1

DISABLE ALARMS & SMOKE DETECTORS (REQUIRED)

Disarm any alarm system that may contact emergency services (especially fire department). If possible, temporarily remove smoke detectors.

2

CONFIRM THE HOME IS DRY (REQUIRED)

Home must be free of active leaks or unresolved moisture (including basement/crawlspace). Homeowner responsibility: confirm all areas are dry prior to arrival.

3

PLAN TO BE OUT OF THE HOME (REQUIRED)

All people and pets must be out of the home for the full treatment (typically 4–6 hours). Fish tanks: cover with plastic. Cats: crate before technicians arrive.

4

OPEN UP THE HOME FOR FULL COVERAGE

Open cabinets, drawers, closets, and storage containers. If possible, tent couch cushions (stand upright).

5

SECURE BREAKABLES / WALL DECOR / VALUABLES

Remove or secure breakables and loose-hanging items. Store irreplaceable valuables / artwork safely.

6

BEDDING

Bedding can be placed at the side of the bed. We want mattress exposed.

7

REMOVE FURNACE FILTERS (REQUIRED)

Remove HVAC/furnace filters before we arrive. Replace with new filters after treatment.

8

CLEAR THE ENTRYWAY / GARAGE ACCESS (IMPORTANT)

Park vehicles on the street so our truck can back into the driveway. If treating the garage: remove all vehicles from the garage prior to arrival.

9

TECHNICIAN ACCESS ITEMS

Be ready to show locations of thermostats and breaker box.

10

CRAWLSPACE ACCESS (IF APPLICABLE)

Ensure crawlspace entry is clear and accessible.

11

RETURNING HOME AFTER TREATMENT

A mild vinegar-like smell may be present. It is safe to enter after completion; opening windows will help it dissipate.

12

POST-TEST LOCATION

Before we begin, identify where you want the post-test performed (room(s) of concern).

13

QUESTIONS

Text us before arrival so we can address any concerns in advance.

14

PAYMENT

Payment is due before the service starts (the morning of service). Preferred: check or cash. Credit card accepted with **3% flat** processing fee.

THANK YOU!

Completing these steps helps ensure the most effective treatment possible for your home.

3%
FLAT FEE

CREDIT CARD FEE

We accept credit cards with a **3% flat** processing fee.
